## Aimee Kestenberg - Winner for Best Use of CRYSTALLIZED™ - Swarovski Elements

I am so proud that Aimee Kestenberg won the [Handbag Designer Award](#) for best use of Swarovski crystals this past week! She was one of my students at Parsons and is one of the hardest working young designers you'll ever meet! She already launched her line [Lutalika](#) at Debut store and is destined for a bright future as an accessory designer! Unfortunately I wasn't at the awards ceremony, but I was with Aimee when she was sweating over her designs and spending sleepless nights carefully placing every Swarovski crystal on a well thought out design. Her bag is inspired by the fluid shapes of an octopus. Here is the designer in action:

## TWITTER UPDATES

If the GAP logo is a marketing scheme and a hoax to get public attention and users to tweet and write about it, then BOO! That's even worse! [about 3 hours ago](#)

@GapLogo So, was it the mechanic from the car shop across the river or the geek in the computer maintenance who designed the logo? [about 4 hours ago](#)
